FOOD & DRUG ADMINISTRATION WARNING ON RAW TOMATOES

The Food and Drug Administration expanded its warning to consumers nationwide that a salmonellosis outbreak has been linked to consumption of certain raw red plum, red Roma, and red round tomatoes, and products containing these raw, red tomatoes.

The Region 4 Food Services Supervisor acted to protect the health and safety of students and staff and called for an immediate moratorium on all raw tomatoes in the Chester, Deep River, Essex, and Region 4 schools.

Thank you.

Kim M. Caron
Superintendent of Schools
Chester, Deep River, Essex, and Region 4
